MARSICO GLOBAL FUND

(MGLBX/MIGOX)

MARSICO
FUNDS®

3 Reasons To Consider The Marsico Global Fund

1 It's About Company First, Not Country

The investment team at Marsico Capital Management, LLC ("Marsico"), the adviser to the Marsico Global Fund (the "Fund"), believes that their approach of blending top-down macroeconomic analysis with bottom-up stock selection sets them apart. The portfolio managers are sector agnostic and scour the world for high-quality, innovative, and market-leading companies with global revenue streams, strong brand franchises, and compelling market opportunities.

2 A Focus On Innovative Global Market Leaders

Marsico takes a long-term business owner's perspective on a company's prospects. The quality of the business in terms of its dominant brand franchise, global revenue streams, and competitive advantage is paramount. A focus on market leaders and innovative companies informs the investment team's time-tested approach to growth investing as they seek to provide outperformance over time while managing risk.

The Result: A concentrated portfolio generally consisting of 25-40 global market leaders built for expected above-average capital appreciation over time.

3 A Flexible Global Allocation

With the U.S. as an innovation powerhouse, the Fund's portfolio is tilted toward American companies. The portfolio is generally comprised of 60% U.S. companies and 40% international companies.

This flexibility can result in a portfolio that's well-positioned to offer exceptional global equity exposure.

Overall Rating

MORNINGSTAR®

(MGLBX) 3 Stars out of 317 Global Large-Stock Growth funds as of 6/30/2023 based on risk-adjusted return.^{1,2,3}

Performance data quoted throughout represents past performance. Investment return and principal will fluctuate, so that shares, when redeemed, may be worth more or less than their original cost. Past performance is no guarantee of future results. Current performance may be lower or higher than the performance information quoted. To obtain the Fund's performance current to the most recent month-end, please visit marsicofunds.com or call 888-860-8686. The Fund's performance, especially for short time periods, should not be the sole factor in making an investment decision.

Important Information

Please consider the Fund's investment objectives, risks, charges, and expenses carefully before investing. To obtain a prospectus, which contains this and other information about the Fund, call 888-860-8686 or visit marsicofunds.com. Please read the prospectus carefully before investing.

Investments in foreign securities generally, and emerging markets in particular, involve risks that may differ from or at times exceed the risks of U.S. investments for a variety of reasons such as, without limitation, unstable international, regional, or national political and economic conditions, diplomatic developments such as sanctions, embargoes, trade tariffs, trade limitations or trade wars, less stringent investor protections and disclosure standards, currency fluctuations, foreign controls on investment and currency exchange, foreign governmental control of some issuers, potential confiscatory taxation or nationalization of companies by foreign governments, sovereign solvency considerations, withholding taxes, a lack of adequate company information, less liquid and more volatile exchanges and/or markets, ineffective or detrimental government regulation, varying accounting, auditing, disclosure, and reporting standards, political or economic factors that may severely limit business activities, legal systems or market practices that may permit inequitable treatment of minority and/or non-domestic investors, immature economic structures, and less developed and more thinly traded securities markets. In addition, the Fund and the stocks and markets in which it invests are subject to other general risks that include unforeseen events such as pandemics, volatility and instability, periods of cyclical change and decline, that investors may at times avoid investments in equity securities, and that the investment adviser may select investments for the Fund that do not perform as anticipated.

² Performance data and Morningstar data available for the Institutional Class is limited because the Institutional Class commenced operations on December 6, 2021.

³ The Morningstar Rating™ for funds, or "star rating," is calculated for managed products (including mutual funds, variable annuity and variable life subaccounts, exchange-traded funds, closed-end funds, and separate accounts) with at least a three-year history. Exchange-traded funds and open-ended mutual funds are considered a single population for comparative purposes. It is calculated based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a managed product's monthly excess performance, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of products in each product category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star. The Overall Morningstar Rating for a managed product is derived from a weighted average of the performance figures associated with its three-, five-, and 10-year (if applicable) Morningstar Rating metrics. The weights are: 100% three-year rating for 36-59 months of total returns, 60% five-year rating/40% three-year rating for 60-119 months of total returns, and 50% 10-year rating/30% five-year rating/20% three-year rating for 120 or more months of total returns. While the 10-year overall star rating formula seems to give the most weight to the 10-year period, the most recent three-year period actually has the greatest impact because it is included in all three rating periods. ©Morningstar, Inc. ⁸As of the Fund's 1/31/2023 prospectus, as supplemented; Investor Class 1.38% gross, 1.46% net; Institutional Class 1.07% gross/net. Marsico Capital Management, LLC, the investment adviser to the Fund (the "Adviser"), has entered into a written expense limitation and fee waiver agreement under which it has agreed (i) to limit the total expenses of the Investor Class of the Global Fund (excluding taxes, interest, acquired fund fees and expenses, litigation, extraordinary expenses, and brokerage and other transaction expenses relating to the purchase or sale of portfolio investments) to an annual rate of 1.50% of the Fund's average net assets attributable to Investor Class shares, and (ii) to limit the total expenses of the Institutional Class of the Fund (excluding taxes, interest, acquired fund fees and expenses, litigation, extraordinary expenses, and brokerage and other transaction expenses relating to the purchase or sale of portfolio investments) to an annual rate of 1.25% of the Fund's average net assets attributable to Institutional Class shares, until January 31, 2024. It may be terminated by the Adviser at any time after January 31, 2024, upon 15 days prior notice to the Fund and its administrator. The Adviser may recoup from the Fund (or share class as applicable) any fees previously waived and/or expenses previously reimbursed by the Adviser with respect to the Fund or share class, as applicable, including any applicable waivers which may apply to a specific share class, pursuant to this agreement (including waivers or reimbursements under previous expense limitations) if (1) such recoupment by the Adviser does not cause the Fund's share class, at the time of recoupment, to exceed the lesser of (a) the expense limitation in effect at the time the relevant amount was waived and/or reimbursed, or (b) the expense limitation in effect at the time of the proposed recoupment, and (2) the recoupment is made within three years after the fiscal year end date as of which the amount to be waived or reimbursed was determined and the waiver or reimbursement occurred. In accordance with the Funds' Multi-Class Plan, amounts eligible for recoupment from periods prior to the addition of the Institutional Class will continue to be eligible for recoupment from the Investor Class. The Institutional Class does not have any amounts available for recoupment because the Institutional Class only commenced operations on December 6, 2021. For important information about the current and previous expense limitation and fee waiver agreements, please refer to the "The Investment Adviser" section of the prospectus.

⁹Effective April 17, 2023 Peter Marsico and Jimmy Marsico were added as portfolio managers to the Fund with Tom Marsico. Prior to this date, Tom Marsico and Rob Susman were the portfolio managers of this Fund.
